Benzophenone-4	UV filter

## PHYSICAL PROPERTIES

The sponges are made of polyurethane foam which provides a soft, effective, durable and lightweight material.

## MICROBIAL QUALITY:

Limit (Aerobic bacteria, fungi and yeast) per cm <sup>2</sup> of product	100 ufc/cm <sup>2</sup>
Escherichia coli, Staphylococcus aureus, Pseudomonas aeruginosa, Candida albicans	Absence/cm <sup>2</sup>

## SECURITY

- This product complies with the safety and security requirements of EC Regulation No 1223/2009 of the European Parliament and of the Council of 30 November 2009 on Cosmetic Products.
- The skin compatibility of the product has been tested under dermatological control.
- No animal testing.
- The production plant is certified with ISO 22716:2007 regarding product documentation and Good Manufacturing Practices.

## PRECAUTIONS FOR USE

- Keep out of reach of children.
- Do not ingest.
- Avoid contact with eyes.
- For external use only.

## HOW TO USE

1. The gel lathers with a very small amount of water.

2. Rub the sponge gently over the skin.

3. Rinse with water.

4. Discard the sponge.

## RECOMMENDATIONS FOR USE

- We recommend the use of protective gloves and sterile containers.
- Dry the skin with a drying cloth or towel.
- For bedridden patients or persons with reduced mobility, you can use a slightly damp cloth to remove the lather.
- To improve the patient's comfort you can moisten the sponge with warm water or heat the sponge (out of its package) in a microwave for a maximum of 30 sec. at 700W (Check temperature before use).

DO NOT IMMERSE  
IN WATER

## APPLICATIONS:

Hospital

Pharmacy

Home

## RECOMMENDED FOR:

General Hygiene

Elderly people

Children®
